Filename	Comands	Size	Description
dicepj20.lha	VX	167K	Dice Project Handler 2.0 by Cedric Counotte Project Handler is a front end application for DICE from Matthew Dillon. It's similar to Borland Turbo C on the PC.
genm0112.lha	VX	148K	GenModula 1.12 by Thomas Igracki and Kai Bolay - This is a Modula 2 Sourcecode Generator For GadToolsBox, it does almost the same as OG, only some additions and fixes are made. However the complete code is restructured and split into modules and the definition file including the module interface contains only very few objects.
proman22.lha	VX	13K	SAS C Project Manager 2.2 by Donald Milne - This is a front end to simplify maintenance and building of SAS/C projects, particularly those with multiple source files and headers. It allows the user to construct a list of source files that make up the project and to define global and local compiler options for these files.
