
Ordering Information

You can register your copy of Giza by phone, mail, email or through CompuServe Software Registration. You will receive a registration number that lets you access all levels of Giza. At this time we are able to offer the game to you for only \$15 for just a registration number or \$20 if you also want a disk sent to you.

We have spent countless hours making Giza a great game. We believe it is very high quality and the registration fee is quite reasonable. Please support our shareware efforts by registering your software.

The first thing to do is click the Register Button on the main splash screen. Then click the Order Form button. Fill out the appropriate information and either print it out or create a new file by clicking on the correct button.

By Phone:

You must use a credit card to order by phone. Make sure you have your credit card information and call the number listed below. You can receive your registration number instantly.

By Email:

You must use a credit card to order by email. Send the order form you created, with the credit card information filled out, to the email address below. Allow one to two days for your registration to be emailed back to you.

By SWREG:

CompuServe has a facility they call SWREG which is short for Shareware Registration. This service will take your information from you and forward it to us. The registration fee will be added to your CompuServe bill. You can only order the registration number through SWREG. You can not order the disk this way. To order through CompuServe's SWREG facility type GO SWREG while on CompuServe. Follow the instructions. The SWREG number is 9568. Allow two to three days for the registration number to be emailed back to you.

By Mail:

If ordering from the United States you can mail your fee in cash, check or money order. If you are ordering from outside the United States you must mail your fee in cash, postal money order or bank check from a US bank. Do not send bank checks from foreign banks. Most foreign banks charge up to \$50 to cash their bank checks in the US. Print out the order form and mail it to the address below.
