

Think You Can't Break The Sound Barrier?  
You Can.

CLICK HERE.

#### INSTRUCTIONS

To use your new beep, simply drag it to of your closed System Folder. It will ask you if you would like to place it into your System File. Click OK. Next, go into your Sound Control Panel and select the sound as your new beep.

For assistance, please visit the CLIXSOUNDS WWW site at <http://www.edmondsun.com/clix/> . There you will find helpful information if you cannot get your new beep to work properly.
