What is the Compact Disc Library?

The Compact Disc Library is a Macintosh™ file for use with FileMaker® Pro, by the Claris® Corporation.   This template will allow you to conveniently view, print, sort, file, save and organize your compact disc collection.   With the Compact Disc Library, you can search through your CD collection for various artists, song names, ratings, categories, and even lyrics to a song!

How Does The Compact Disc Library Work?

The Compact Disc Library uses conveniently placed icons throughout the template to guide you through the course of cataloging your CD collection. The execution of tasks such as Sorting, Printing, Adding, Deleting and Listing your CD collection is made quick and easy due to the high quality graphical layout and deluxe icons.   Three CD's are pre-entered to give you a visual sample of what your collection will look like.

For more information about the icons, and the various layouts please select "Icon Information" from the 'Contents' Menu at the top of the screen.

Is The Compact Disc Library Free?

Well, good question.   However the answer is "No."   The Compact Disc Library is shareware. Thus, you are free to browse the product in the demo stage for as long as you wish. However, most of the vital functions such as: Editing CD info, Adding New CD's to the Database, Deleting CD's, and Changing the Layout have been disabled.   In order to acquire the ability to use all of the functions you must register the product.

How Much Does It Cost To Register the Compact Disc Library?

The cost to register the Compact Disc Library is $10 (US Dollars). That's it, just 10 bucks. Hopefully this will be cheap enough for people to actually pay for it.   There is a registration form attached to this manual.
If you'd like to view it, please go to page
hree, or simply click the button to the
right, and it will take you there.

What Do I Get When I Register?

When you mail in the completed "Registration Form" along with your payment, you will be sent a password to unlock all the features of the Compact Disc Library.   This password will most likely be sent by internet email.   Thus, in the registration form, please list the most reliable internet email address you have first.   If you do not have an internet email address, I will most likely send you a postcard with the password on it.   However, this could take

time, so please be patient.

Registration Information:

Registration means that the password is to be used for one individual, for the installation on one computer.   If you would like to use the Compact Disc Library on more than one machine, please register for the proper amount of usage.
