

THANKS!

SimStapler© was a team effort that took over two people and thirty minutes to bring about. Over those minutes, we on the **SimStapler©** project overcame our differences of background and class, putting aside our egos to bring you the best darn paper fastener simulator on the market. We learned a lot about ourselves as a team, as Americans and as men, and would like to thank our families for their understanding and support over these last few minutes. We couldn't have done it without you.

We would also like to thank the Microsoft Corporation, copyright holders of SimPaperClip© for their legal injunction against **SimStapler©**. While ultimately thrown out by the California Supreme Court, your series of law suits let us know we were on the right track. Thanks guys!
