Author Info

1.2 About SmartInfo

SmartInfo is a SFSQuery replacement with GUI.

1.3 Requirements

- AmigaOS 3.0 or better
- MC68020 or better
- MUI 3.8
- NList.mcc and NListView.mcc
- SmartFileSystem

1.4 History of Voimariini

Version 1.01 (25. May 1999):

- Added German catalog by Michael Lünse
- Possibly removed Enforcer hit, I don't know...
Anyway, it is now a little bit more safe.

Version 1.0 (24. May 1999):

- First Aminet release

1.5 Known Bugs

- Some bugs exists, but these are just minor problems

1.6 Author
