Thank you for trying BackDrop from Sawbuck Software.

This is the quick-start version of documentation. More complete documentation is provided by the hyper-text help file, BACKDROP.HLP, included with this software. Any questions, suggestions, comments or criticisms can be E-mailed to Compuserve account:

[72371,1075]

If you prefer to use conventional mail, you may send it to the address listed below. Why not register the software at the same time?

BackDrop is desktop wallpaper changer. It will automatically change your desktop from a selected list of wallpaper. BackDrop can be configured to change the wallpaper each time you startup Windows, or continuously. The wallpaper bitmaps can be in separate directories and BackDrop will remember which ones you wish to tile and which ones you wish to center on the screen.

To run BackDrop automatically, each time Windows runs:

> Windows 3.0:   Add the program to the load line of your WIN.INI file
> Windows 3.1:   Add the program to the Startup group of the program manager
> to run minimized.

It is best to let BackDrop schedule itself automatically. BackDrop will ask you if you wish it to schedule itself. Click on YES to have this done automatically. Otherwise, if you wish to schedule BackDrop yourself, click on NO. Your Windows documentation for Progman will give you detailed information on how to schedule programs to run when Windows starts up.

NOTE: A Shareware notice dialog box will appear each time you start this software. This is to remind you that you have not registered (i.e. paid for) the software. Simply click on 'Continue' to resume normal execution. When you register the software you will receive a registration number which will prevent the dialog box from appearing.

> To register BackDrop, send $10.00 to:

**Sawbuck Software
2058 Belle Terra Rd.
Knoxville, TN 37923**

Be sure to include your name and address. A registration form is present in the BACKDROP.HLP help file. To print it:

> Single click on the red-button to access BackDrop's system menu
> Choose 'About BackDrop...' from BackDrop's system menu
> Click on the HELP button
> Click on the Software Registration
> Select Print from the File menu
> Fill it out, add a check, and mail it off.

> Thanks again,

Craig Hubbs
