Information concerning installation and other basics are provided in
this file. A complete Windows Help system is also provided for more
extensive documentation. To view that help file, start TRASHMAN.EXE
and press F1.

INVENTORY

This archive or diskette should've included:

 TRASHMAN.EXE - The TrashMan application.
 TRASHMAN.HLP - The TrashMan Windows Help file.
   ORDER.TXT - Registration information.
   VENDOR.DOC - Information for shareware distributors.
 FILE_ID.DIZ - Description file for some BBS systems.
    DESC.SDI - Description file for some BBS systems.
  README.TXT - This text file.

REQUIREMENTS

Hardware: 286 or 386 PC with at least 1 megabyte of RAM.
          VGA or better recommended but not required.
          Mouse or other pointing device.

Software: Microsoft Windows 3.1 or higher.

WHAT IS IT?

NEW! TRASHMAN VERSION 2.0a! The original and BEST drag-and-drop trash
can for Windows 3.1 is BACK and better than ever! Drag files or
directories to the trash icon and they'll be stored (even after
exiting and re-starting TrashMan, Windows, or the PC itself) until
you decide to restore or permanently delete them! Associate WAV
sounds with different TrashMan events! Choose from several different
trash icons (including a recycling logo and more)! Now features an
easy-to-use tool bar; many more new features and improvements!
Shareware for Windows 3.1.

INSTALLATION
----

1) Copy the TrashMan files (TRASHMAN.EXE, TRASHMAN.HLP, etc.) to the directory of your choice on your hard disk.

2) To install TrashMan as an icon in a Program Manager group, consult the "Creating A Program Item" section of the Windows 3.1 User's Guide (pages 78-82 in the English language version).

3) If you'd like TrashMan to automatically start each time you start Windows, install TrashMan as an icon the Program Manager Startup group.

4) That's all there is to it. To learn more about using TrashMan, start the program and press F1 to browse TrashMan's online help system.

HOW DO I REGISTER?

Ordering information can be found in the help file and the text file named ORDER.TXT. If you cannot locate this information, just contact us and we'll be happy to help you. Our address, phone number, and other contact information is presented below ("How to contact us").

THIS JUST IN...

Please call us for information about site licenses, and our special versions for networks, Windows NT, and Pen Windows!

If you are a member of CompuServe, you can now register all of our products via CompuServe's shareware registration service. The registration price will be added to your next CompuServe bill. TrashMan's registration ID # is 1062; make a note of it before calling. Then GO SWREG and follow the instructions as they appear.
