Shareware for Windows
Release 1.70

Introduction

The clySmic Icon Bar (Clysbar) is a series of nested (tree-structured) vertical or horizontal bars with icon buttons used for running programs under Windows 3.1. I've seen other icon bars, and though the idea was good, the implementations left a lot to be desired. So I wrote Clysbar to do everything I'd want an icon bar to do. Clysbar is a Program Manager replacement, but not a File Manager replacement. Clysbar is a Shareware product.

Note: Clysbar requires Windows 3.1, as it takes advantage of many new 3.1 features, including drag 'n' drop and icons for DOS programs.

The Documentation Format

The main documentation for Clysbar is now in **Windows Help** format. This can be accessed by any of the following methods:

✓ Load the **WinHelp** program that comes with Windows 3.1 (WINHELP.EXE) and open the **CLYSBAR.HLP** file.

✓ Start Clysbar (CLYSBAR.EXE) and press **F1**.

✓ Start Clysbar and press the clySmic (topmost) button. Then select **Help** from the dialog box.

Full documentation for using Clysbar is included in the help file. For a list of the new features of version 1.70, choose the *Introduction and What's New* help topic and scroll down.

Ordering information and an order form are listed both in this document and in the help file. Note the electronic CompuServe ordering option and the 800 number credit card order option.

Registering Clysbar

Clysbar is copyright 1992 by clySmic Software (pronounced Cliz-Mik).

Clysbar is released as **Shareware**. After a thirty day trial period, you must register Clysbar or discontinue using it. If you find this program useful, please send clySmic software $24.95 (U.S. dollars) as a registration fee for EACH machine (including network workstations) it is executed upon. N.Y. State residents add applicable Sales Tax. You will receive by mail a user ID number which will eliminate the reminder messages when Clysbar starts up. The latest copy of Clysbar will be available on CompuServe (GO WINADV).

You may copy the program and distribute it without charge for non-commercial, non-governmental use. You may not sell or otherwise charge for Clysbar. However, users' groups may charge a small fee for media and postage. Please be certain that all files are kept together.

This program is provided *AS IS* without any warranty, expressed or implied, including but not limited to fitness for a particular purpose. So there.

clySmic Software is not responsible for anything that may happen when you use Clysbar, including hardware damage or information loss.

For quantity orders or site licenses, please contact clySmic directly for more details and volume discounts. Site licenses will be allowed to have the company name as the "user name."
