

**ABOUT MOVIE:**

MOVIE is a shareware product designed by Lantern Corporation. This animation utility will take screen captures of any Windows application and then animate the captures. In addition, MOVIE provides a frame by frame display of the screen captures, thus producing a presentation format for users.

**RUNNING A DEMONSTRATION:**

A demonstration movie is available in the file MOVDEMO.ZIP. This file contains all the files and necessary information to install and run the demonstration.

**REVIEWING MOVIE'S LICENSE AGREEMENT:**

The license agreement is found in MOVIE's help file. A registration form is found in REGISTER.TXT.
