Introduction

Windows Trio consist of three shareware games: Tahoe 5, IQTest and Plife.
These programs are copyright (c) 1991,1992, M. Zack Urlocker. All rights
reserved. The programs may be freely distributed but must be distributed
as-is with all files intact. The programs are shareware; if you use
them beyond a 30 day trial period, you should register them.

The files include:

TAHOE5W.EXE   - Windows 5 card video poker game
IQTEST.EXE   - Windows IQTest practical joke program
PLIFE.EXE   - Windows Game of Life simulation
WINTRIO.TXT   - This documentation file
INFO.TXT   - Program descriptions for shareware vendors
ORDERFRM.TXT - Instant registration form

If you have received a ZIP file, you must unzip it first by typing:
 UNZIP WINTRIO
assuming WINTRIO is the name of the ZIP file.

Using The Programs

These programs require Microsoft Windows 3.0 or later. To start the
program start Windows and then use the File Run command to start
TAHOE5W.EXE or any of the other programs. Or run directly from the DOS
C:> prompt by typing:

  WIN TAHOE5W

The programs can be used with a mouse or from the keyboard. Please
refer to the Help screen by pressing F1 for more instructions.

Shareware Notice - Bonus Programs

Note that these programs are distributed as shareware. To register,
send $10 and you will receive a disk with the latest versions plus
additional bonus programs including Blackjack for Windows, DOS and more.
For Turbo Pascal source code to all programs add $10. Outside USA
and Canada please add $5.
