

## VBRUN300.DLL

Please note that this program requires VBRUN300.DLL be present in your C:\WINDOWS\SYSTEM\ directory (or whatever diskdrive its in). If the file is included with this program, the setup program will have already copied it correctly. If VBRUN300.DLL did not come with this program, you can download it from just about any BBS around and install it in your WINDOWS\SYSTEM directory. This file is needed to run ANY program that has been written using Visual Basic Version 3.0 and is a handy file to have if you often download programs.

To start Bogle, double click on the icon to start.

## SHAREWARE NOTICE

This program is distributed under shareware. If you find this program entertaining and continue to use it after a suitable time period (e.g. 2 weeks), please send \$10-\$15 (or whatever you think is appropriate) along with comments or suggestions to:

Simon Brault  
406-529 Sussex Drive  
Ottawa, Ontario  
Canada  
K1N 6Z6

It is through the support of honest shareware users that software authors will continue to provide inexpensive alternatives to commercially available software products. So please support the products if you enjoy them.

## USUAL, UTTERLY BORING LEGAL NOTICE

THIS SOFTWARE COMES "AS IS" AND WITHOUT ANY WARRANTIES WHETHER EXPRESSED OR IMPLIED. THE USER MUST ASSUME THE ENTIRE RISK OF USING THE PROGRAM. ANY LIABILITY OF THE THE USE OF BOGLE IS LIMITED TO THE REPLACEMENT COSTS OF THE BOGLE SOFTWARE PRODUCT.

BY RUNNING THE SETUP PROGRAM AND INSTALLING BOGLE YOU AGREE TO THE ABOVE STATEMENT.
