

- *---A macro to DOCUMENT the spreadsheet
- *---Use the /Range Name Label Right {End} {Down} <ENTER> to define the range names in this column (starts with the \Z macro name)
- *---Choose the printer type and the line width (132 or 240)
- *---The macro uses Compressed font for Epson and Lineprinter for HP
- *---Hold the <ALT> key and press <Z> to activate the macro
- *---If the last page stays in the printer use the Manual Form Feed
