

---A macro to create macros library from the macros (.WK*) in the default directory to be used with the Lotus 1-2-3 release 3. The macros must follow the rules given in the README.PRN file for creating macros compatible with the SUPER MACROS LIBRARY.

*---Use the /Range Name Label Right {End} {Down} <ENTER> to define the range names in this column (starts with the \Y macro name)

*---Hold the <ALT> key and press <Y> to activate the macro

For release 3.0/3.1/3.1/3.1+ and 123W only

* * * Please see the README.PRN file for details * * *
