

\*---A macro to RECORD and EXECUTE keystrokes as they are typed. The macro allows using LOTUS 1-2-3 and at the same time to record your keystrokes into a macro that can be used later again.

\*---Use the /Range Name Label Right {End} {Down} <ENTER> to define the range names in this column (starts with the \Z macro name)

\*---Hold the <ALT> key and press <Z> to activate the macro. Start working. Your keystrokes will be recorded and placed out off the work area in the range MACRO1. Use Ctrl-Break to Quit.

SEE MORE DETAILS IN THE README.PRN FILE
