

\*---A macro to SEARCH and REPLACE labels or values in a range  
 \*---Use the /Range Name Label Right {END} {DOWN} <ENTER> to define all  
 the range names at the first column (starts with the \Z macro name)  
 \*---Place the cell pointer at the upper leftmost cell of the range to be  
 searched  
 \*---Hold the <ALT> key and press <Z> to activate the macro
