#### ENCOUNTERS - INTRODUCTION

=====

Thankyou for purchasing this CD. We have painstakingly compiled what we think to be proof enough of Alien visitations, coverups & Top Secret projects that the Governments certainly would NOT want you to know about.

Whether you are already a believer of the UFO phenomena (who knows, you may already have had an encounter of somekind yourself) or are a hardened skeptic, there should be more than enough documentation included on this CD to either reinforce or sway your thinking.

The documents, statements, digests and reports included on this CD cover the following subjects to name just a few :-

- Top Secret projects
  - Declassified papers
  - Cattle mutilations
  - Coverups & Conspiracies
  - Backgrounds & origins of documented Aliens
  - The hidden purpose of Alien visitations
-

- Abductions & experiments
- Alien Technology
- References to Aliens in dated texts such as the bible
- Documentation, witness reports & inside information on "The Roswell Incident", "Dreamland", "Area 51", "MJ-12" and much, much more!

Many documents featured on this collection contain controversial and to some extent, dangerous information. The views & opinions expressed in the text do not necessarily represent the views of the employees of 17 Bit Software and have been distributed with the sole intent of allowing you to make the decision as to whether or not you want to believe in UFO's.

Documents were obtained from many sources, and 17 Bit Software do not make any claim as to their copyright. We have employed our best efforts to ensure that the information contained herein is freely distributable either by nature or by statements from the author(s) / recompiler(s) of the texts.
