

Danger Of Death Products

This is a description of current and future programs by Danger Of Death.

Atoms For Windows

A game of strategy and action that needs quick thinking and a ruthless attitude towards your opponent. The object of the game is simple: to remove your opponents' atoms from the board, leaving only your own. This is done by producing unstable atoms, which will split into others, claiming them for your own. Chain reactions can also be produced by splitting atoms into other full squares, causing them to explode.

This game is shareware and can be found on a variety of locations. The full game includes:

- Midi music
- Sampled sound effects
- Up to 4 players, human or computer
- 3 placing modes, selecting how many atoms are put down at once, the more atoms the more wild the game play

Memos For Windows

A simple program for putting memos onto your Windows desktop. Simply load the program and type in your message. You can then move, resize and edit the memo.

The program is PD and features include:

- As many memos as memory supplies
- Fully resizeable, moveable and editable
- Memos survive Windows shutdown

Games Music Extraction Kit

Another simple program, this time for extracting MUSes (Doom, Doom 2, Heretic, Hexen and Raptor to name a few), Midis (X-Wing, Duke Nukem 3D to name very few), S3Ms (various shareware games). It also allows MUSes to be converted into Midis, so they can be played under Windows Media Player.

The program is PD and features include:

- Can extract any unencrypted files of MUS, Midi or S3M
- Can convert MUSes to Midis for playing with any Midi player
