

## Sheet1

DEFCATE	(TYPE,	DESCRIPT,	C,50	HRS,N,	USLONG_DESC,M
01	0100	0030	Adjust	1.000###	
01	0100	0040	Diagnose the problemo	1.000###	
01	0100	0050	MIG Weld	1.000###	
01	0100	0060	Repair	1.000###	
01	0100	0070	Replace	1.000###	
01	0100	0090	Cut muffler off welded system & replace	0.400###	
01	0100	0100	Replace converter back exhaust system	1.800###	
01	0100	0110	Replace extension pipe	0.300###	
01	0100	0120	Re-install	0.300###	
01	0100	0130	Check antifreeze for protection level	0.000###	
01	0100	0150	Press	0.900###	
01	0100	0170	Remove & replace	0.900###	
01	0100	0180	Remove & install	0.500###	
01	0100	0190	NOTE:	0.000###	
01	0200	0150	Pressure test cooling system /check for leaks.	0.300###	
01	0200	0160	Refill & bleed cooling system.	0.000###	
01	0300	0010	Adjust rear brakes.	0.000###	
01	0300	0020	Bleed hydraulic brake system - (includes fluid)	0.400###	
01	0300	0030	Clean & adjust rear drum brakes.	0.500###	
01	0300	0040	Install new front disc brake pads.	0.600###	
01	0300	0050	Install new rear disc brake pads.	1.500###	
01	0300	0090	Remove & install pressed hub assemblies.	1.600###	
01	0300	0110	Remove & replace both front disc calipers.	0.600###	
01	0300	0120	Remove & replace both rear disc calipers.	0.800###	
01	0300	0130	Remove & replace both rear wheel cylinders.	1.000###	
01	0300	0140	Remove & replace rear drum brake shoes.	0.600###	
01	0300	0150	Replace rear axle brake lines to cylinders.	0.400###	
01	0300	0160	Rebuild both rear wheel cylinders.	1.600###	
01	0300	0170	Lube & adjust emergency brake system.	0.500###	
01	0400	0050	Remove & replace both front strut assemblies.	1.700###	
01	0400	0060	Remove & Replace both rear strut assemblies.	1.800###	
01	0400	0070	R & I both front struts - replace cartridges.	2.000###	
01	0400	0140	Change transmission fluid / filter / gasket.	0.500###	
01	0400	0170	R & I flywheel for resurfacing.	0.300###	
01	0400	0190	Remove & replace transmission with rebuilt	3.000###	
01	0500	0010	R & R all listed tune-up parts & set timing.	1.300###	
01	0500	0030	Scope analysis of ignition system.	1.000###	
01	0500	0050	Replace plugs/set timing/adjust idle & check	0.500###	
01	0500	0070	Fine tune & adjust engine after installation.	1.000###	
01	0500	0080	Remove carburetor - rebuild with new float.	3.500###	
01	0500	0090	Replace ignition cable set.	0.800###	
01	0500	0100	Remove spark plugs/sandblast clean & reinstall	0.500###	
01	0500	0110	Set ignition timing.	0.500###	
01	0500	0120	Replace distributor cap/rotor & ignition wires	0.800###	
01	0500	0130	Test charging system & load test battery.	0.300###	
01	0500	0140	Test fuel injection/pump system.	0.700###	
01	0500	0150	Diagnostic check of engine system.	1.000###	
01	0500	0170	Replace distributor cap & rotor.	0.900###	

01 0500 0180 Diagnose no-start condition.

1.000###
