

You can get free registration to Icon Thief by helping to distribute the program. Simply upload the program to five different BBS's that do not currently have Icon Thief 2.1 on their boards. The author will send you a registration number absolutely free! What a deal!

Here's the rules:

- 1.) You must upload to 5 different BBS's.
- 2.) They cannot currently have a copy of this version of the program on their board.
- 3.) You must return the form below listing the names and telephone numbers of the BBS's you uploaded to, or provide the same information to me via E-Mail.
- 4.) You MUST include a Self-Addressed Stamped Envelope unless you provide the information to me via Compuserve or America Online.

That's pretty simple wouldn't you say? So start uploading.
