Sir Albert

Famous music critic.

Bernice

Nutso's girlfriend.

Stony Blawn

Steven Blawnder was born in London England in 1964. When Steven was 5 years old his parents died in an automobile accident. Steven and his older brother Peter moved to Burlington Ontario Canada to live with their Uncle and Aunt. With their cousin Mike and his friends Doug White, Norman Voorman and Bob Stanley, Peter and Steven formed a rock group called the Blawnders. In 1982 the group broke up. Steven under his stage name "Stony Blawn" became a well known pop artist. In October 1984 he joined Reldni

Productions and began by working with The Vampire Wrestling Story. His latest role was a reporter in The Secret Of Troy Scott's Scratchy Records.

Space Cadet Bob

The Space Cadet Bob in Reldni Productions' Optimistic Overtures and Depressing Departures from Sound is based on the real life Space Cadet Bob which every young school boy and school girl has read about in their history text. Space Cadet Bob's side kick Kool Kid is a serious scholar in real life. He complained to Reldni Productions after listening to Optimistic Overtures and Depressing Departures from Sound.

Dear Troy Scott

I am very angered about your new Reldni Productions tape. In this story Kool Kid is not in the presentation very much. However when he is, he acts like a total #!#!%"\$@!. I do not think it is very funny! I am not a clown, nor do I intend to be one. Perhaps a tightrope walker, but not a clown! I am outraged! I am sending a copy of this letter to the London Times.

Yours Truly
Krazy Kool Kid

Johnston Crybaby

Johnston Crybaby is a unique character. Little is known about him. There have been some rumors that Johnston Crybaby is a homosexual. Johnston Crybaby is very talkative. However he can be very shy at times. Johnston

Crybaby seems to play the part of a senseless talkative bigmouth interviewer on tape. His role in Reldni Productions' Nutso & Norgello Volume Two is Doorman Yates. Although he may seem dumb witted no one knows how he really acts when he is not performing at Reldni Productions His latest role was as a reporter in The Secret Of Troy Scott's Scratchy Records.

Dan Fierce

Sadistic wrestler who has not won a wrestling match since 1969.

Now Hot Dog Dragon has come to Reldni Productions and guest stars in Nutso & Norgello Volume Two.

Nutso & Norgello

The Tragedy of Nutso & Norgello provides an interesting account of Nutso & Norgello's first meeting. Vanderlaan Enterprises now holds all files of Nutso and Norgello. Nutso & Norgello are a comedy team that began in 1979. The team consists of John Tompson (Nutso) and Joe Mirdo (Norgello). In September 1978 they took over Swindler and Company and changed it into a small studio for TV. In early 1979 Joe Mirdo thought up the idea for their own television program "The Nutso & Norgello Show". Before the show obtained any overwhelming public response, the studio was destroyed by a massive fire. Stony Blawn met them in June 1985 and invited them to come and work at Reldni Productions.

** Song was remixed and appears on This Is The Master / Strawberry Jam Sessions

~ Produced by Troy Scott and Neil Easton

All songs on all THEME tapes were written and produced by Troy Scott unless otherwise noted.

A couple of tape products were planned that would include material from the Theme tapes. Of all these, only Strawberry Jam Sessions survives. A Reldni Mini tape which included "Strawberry Jam", "Them Cars", "Dunky's Gone Wild", "Go To Bed" and possibly "Rain On My Window" was issued sometime before or after The Vampire Wrestling Story. It was later accidentally destroyed. New versions of "Dunky's Gone Wild", "Go To Bed" and "Rain On My Window" were later recorded.
