

**NEW FROM:
RiPubCo MIDI Sequences**

Album Sets

25 New Albums..each on its own diskette, packed in a jewel box, just like CDs. Piano Solos - Classics - Big Band and Standards - Theatre Organ Arrangements - Show Tunes and more.

Each album contains the listed songs as individual files as well as a medley file of all the songs. (Up to 192k bytes). Most albums are CD length, 65 -75 minutes.

Many new arrangements made especially for these albums. Sing-Along albums contain a text file for the lyrics.

See the flyer for album descriptions, song lists and prices. All albums are available on audio tape cassettes too.

Conversions

Alesis - Ensoniq - Kawai - Korg - Yamaha - MacIntosh

We are now able to convert your existing files into the format you need.

We can convert Alesis, Ensoniq, Kawai, Korg and Yamaha, including Clavinova and Disklavier into STANDARD MIDI as well as STANDARD MIDI to the formats above. We can also convert IBM generated files into MAC readable format.

In fact, we can convert any binary or text file (not necessarily midi) from IBM format to a MAC Intosh readable 1.44 mbyte diskette.

All conversions are saved right back onto your diskette. (unless requested otherwise)

Price quotes on request but generally \$10 per diskette.

Custom Albums.....

We still have our custom diskette service. You may order as few or as many sequences as you wish from our 675 title catalogue. We will make a custom album for you. We will also make sequences from a score you provide. Ask for quotes please.
