

Blind Mellon Software

What are their objectives

1. Provide inexpensive shareware.
2. Release many inexpensive shareware packages.
3. Support our registered users.
4. Encourage additional registrations thru Bonus programs.
5. Encourage suggestions from users for product improvement.

What are the advantages of being a Blind Mellon Customer?

1. Availability of inexpensive shareware packages.
2. Opportunity to make suggestions and have your ideas implemented where appropriate.
3. Bonus programs, 3 for 2, buy any two get any third one free,
4. Quarterly distribution of shareware and freeware diskettes.
5. Any Blind Mellon Customer may request via Email, the latest version of any shareware offered, or log onto our BBS.

FREE Software Bonus

All Blind Mellon customers get 3 for 2, any customer that registers 2 products gets the third one free, 3 for 2, 6 for 4, etc. There are **no** restrictions on price, register any two Category A products and get your choice of any third one free. This will apply toward multiple license requirements as well, i.e. license price for 3 copies of the same software is the cost of only two copies. Once a customer has registered two products you will be given a registration for any Category A product of your choice, or a bonus certificate can be requested to be held for future use.

Blind Mellon customers have always enjoyed **FREE** Upgrades, any time a new version of a product is released, all registered users may download and register with the same ID number. Any Blind Mellon Customer may request via Email, the latest version of any shareware offered.

Blind Mellon Software produces quarterly freeware diskette. 

Freeware is software that may be freely distributed and grants the user the right to use the software at no cost. We have produced freeware and have a substantial library of other freeware that we distribute for the benefit of our customers.

When you register a product you will receive:

One shareware diskette, which includes the latest version of many of our packages, when you receive this diskette you avoid the download charges required as you will have the opportunity to try other packages and will not incur any download cost normally associated. We also include other shareware packages that we consider a good value for the money.

One freeware diskette, includes a wide variety of software, graphics, Icons, all software included on this diskette is yours to keep at no charge.

Examples of items found on freeware diskette:

1. Icons
2. Nice graphics files,
3. Games.
4. Utilities.

Any Blind Mellon Customer that registers any product will receive the freeware diskette.

The Honor System!

We do not use alot of "nag/splash screens" (need to register messages) in our programming add-on shareware. We have taken this bold step in the firm belief that most folks are honest. However, you still have 30 days to either register the shareware or remove it from your system. We trust that if you do use the product for more than 30 days, you will register it promptly. And, upon registration we will immediately send you your registration number. Future versions will be available to registered users at no charge. Also, registered users receive free online technical assistance through AOL, CIS, or the Internet, in addition you will be able to take advantage of the special 3 for 2 bonus offers on all of our products,

Note: Do not register the free product thru compuserve or a charge service just send us a note via email telling us what you want as your bonus product.

Payment Methods:

Shareware

What is Shareware? The Honor System!

Top five reasons why you should register the Shareware

This shareware has no annoying beeps, delays or random keys to press, and the evaluation copy is fully useful.

Registering is just the right thing to do. Your registration will encourage me to release other programs as shareware. This will also encourage me to release a new edition of this program with more features..You want to appease the voice in the back of your mind that keeps chanting "I know I should register, I know I should register, ..."

Your registration does make a difference. Each individual registration is personally appreciated.

You will receive the three for two bonus offer.

Upon registration, you will receive you registration number and will be entitled to additional access on our BBS. You will be able to download new revisions and register the upgrades at no additional cost for the life of the product. You will also receive the next quarterly distribution of our freeware diskette.

Shareware is a method of software distribution which gives users a chance to try software before buying it. If you try a shareware program and continue using it, you are expected to register. Individual programs differ in detail; some request registration while others require it. Some specify a maximum trial period. With registration, you get anything from the simple right to continue using the software to extended privileges such as update notification and printed manuals.

You should find software that suits your needs and your budget, whether it's commercial or shareware. The shareware system makes fitting your needs easier because you can try before you buy. And because the shareware author's overhead is low, prices are low also. Shareware has the ultimate money-back guarantee -- if you don't use the product, you don't pay for it.

The Honor System!

We do not use the "nag/splash screens" in our programming .

We have taken this bold step in the firm belief that most folks are honest. However, you still have 30 days to either register the shareware or remove it from your system. We trust that if you do use the product for more than 30 days, you will register it promptly. And, upon registration we will immediately send you your registration number and when each version is completed, you will be notified. Future versions will be available to registered users at no charge. Also, registered users receive free online technical assistance through AOL, CIS, or the Internet, in addition you will be able to take advantage of the special 3 for 2 bonus offers on all of our products,

If you want to pass any of our shareware packages along to friends and relatives or upload them to BBS's or online subscription services, you are welcome to do so. However, you must not alter the original files in any manner or add to or subtract from the files in the package; in short, just send the original ZIP file containing the entire package.

Registering

Compuserve Software Registration

Compuserve provides its users with a convenient registration area to register software, you may charge the software to your compuserve bill and you will be billed as a part of your compuserve charges. This method of registration is very fast and you will receive your registration number within 24 hours.

If you are using WinCim then GO SWREG to get to the registration area, == Using a mouse select the traffic light symbol at the top of the screen and you will be prompted with a dialog box "GO Where" enter the word SWREG .

Once you get to the Software Registration area select register shareware options. You can search for software in several different ways, You may use the Registration ID number in the list that follows this description, or if you search on the Key word Blind you will be presented with a list of all of our products.

Once the search criteria has been entered you must "Display selected topics".

NOTE: if you are requesting the free product as in 3 for 2, do NOT register thru compuserve, simply send an email or reply to your second registration with info about what free product you would like. Compuserve registration is simply a means of payment to us and has no part in the 3 for 2 bonus program that we offer.

Shareware Diskette

Once a customer registers a product they will receive one shareware diskette and one freeware diskette. The purpose of this topic is to explain a bit about the shareware diskette.

The shareware diskette will setup all of the programs in a directory called C:\BMELLON

this is a non destructive setup procedure and does not replace anything in your Windows\System directory. You may remove the entire directory from the disk by deleting C:\BMELLON which will remove all files that were installed.
