

Technical Notes on this CD-ROM

Equipment used for production of this CD-ROM:

Pentium 75 MHz computer

Cakewalk Professional 3.01 for Windows

Wave for Windows 2.0

Sound Blaster 16

Yamaha DX-7

Roland SC-7 Sound Canvas module

Mackie 1202 mixer

Yamaha GC2020B compressor/limiter

QSC 4.3 power amplifier

Yamaha NS-10M monitors

The music in this collection is in four varieties of Standard MIDI files. There are Type 1 and Type 0 MIDI files for FM based sound cards, such as the Sound Blaster series and compatibles, as well as Type 1 and Type 0 MIDI files for wavetable devices. Wavetable devices include Aria and Sound Blaster AWE32. The wavetable versions should be used with sample based devices like the Roland Sound Canvas and Turtle Beach cards.

This CD-ROM was developed by Tim Melton of Melton Productions. Tim Melton is a classically trained keyboardist and composer. Tim has produced MIDI Classics, a collection of classical music in MIDI and WAV formats for Essex Interactive. Tim also has credits for music used in computer games, multimedia presentations, animation demos and clip music for broadcast.
