Asian Font Packs Folder - Adobe Acrobat 4.0 for Windows CD-ROM   January 1, 1999
ReadMe Notes

==
This folder contains Asian Font Packs for Acrobat Reader 4.0. With any language version of Acrobat Reader 4.0, you can display Adobe Portable Document Format (PDF) files that contain text in Chinese Simplified, Chinese Traditional, Japanese, and Korean (CJK). If the author of a PDF file embeds CJK fonts in the document, then any language version of Reader 4.0 will be able to display the CJK text on any system without additional software. If the author uses CJK fonts but does not embed them in the document, then you will need access to the correct Asian fonts in order to view the PDF file on non-native systems. All you need to do is install the appropriate Asian font pack for use with Acrobat Reader.

The Japanese Font Pack software may not be freely redistributed. Copies of this software may be obtained by registering at the Adobe web site at: http://www.adobe.com/prodindex/acrobat/cjkfontpack.html

Licensing Information:

 The Japanese Font Pack software is being licensed to you solely for use with the Adobe Acrobat Reader product ("Acrobat Reader") subject to the terms and conditions of the Electronic End User License Agreement accompanying the Acrobat Reader other than the provisions permitting unlimited distribution and subject to your agreement not to distribute copies of this font software.

With the exception of the Japanese Font Pack software, the font software contained in Asian Font Packs folder is being licensed to you solely for use with the Adobe Acrobat Reader product ("Acrobat Reader") and is subject to the terms and conditions of the Electronic End User License Agreement accompanying the Acrobat Reader.
