The Info Menu

The Info Menu gives access various information about Stuart and about how Stuart works.

- **Info...** brings up an Info Panel which contains copyright information and an initial shareware notification.
- **Manual... (Command-?)** brings up this Online Manual Panel. See **Intro/Help**.
- **License...** brings up a panel which can be used to fill out a license form for registration of Stuart.

- **Bug Scott... (Command-!)** brings up a Mail Send window which can be used to send email or print notification to myself about problems with Stuart or suggestions for new functionality.
- **Preferences...** brings up a Preferences panel from which Stuart's behavior may be modified. See **Inspectors/Preferences**.
