

# READ THIS BEFORE INSTALLING DRCS

## Release Notes for DRCS Version 1.8.5 DEMO for NEXTSTEP

### Installing the DRCS Version 1.8.5 DEMO

The DRCS Version 1.8.5 DEMO is distributed here on a CD-ROM. **NOTE THAT YOU MUST COPY THE DRCS APPLICATION TO YOUR HARD DISK BEFORE RUNNING IT.** The CD-ROM contains the application itself in Apps; the on-line manual and quick start guide for DRCS in Documentation; and a sample project archive that allows you to see advanced features of DRCS on a mature archive immediately in Samples. If you plan to modify the sample archive by checking in or out files, you must copy it to your hard disk first.

### Known Limitations In This Release

#### Retrieving Early Revisions of Renamed Databases

Access to a renamed revision control database is limited in the following ways:

- Revisions prior to the revision created during the rename cannot be checked out with a lock.
- If the renamed database is in a directory database, revisions of that directory database prior to the revision created during the rename cannot be checked out.

*These restrictions apply ONLY to revisions prior to the revision created during the renamed operation.* The next release of the production version of DRCS will allow check-outs of directory revisions containing renamed files. Later releases will allow greater flexibility for working with renamed databases.

## **DRCS Viewer Glitches**

Some of our users have experienced intermittent bugs in the DRCS Viewers. These bugs should rarely, if ever, occur. If you drop a file onto the shelf but its icon disappears, leaving only the file name, drag the "invisible" icon off the shelf and try again.

## **Additional Release Notes**

### **License upgrade policy**

Licensees of DRCS Version 1.8.5 for NEXTSTEP who wish to upgrade their licenses to add additional users need only pay the difference between the current list prices for their class of license and the class of license they desire. This allows DRCS customers to take advantage of SS&S's volume discounts, even if they purchase their licenses over time. Below is the SS&S volume discount schedule for DRCS:

*licenses at a site discount off single license price*

2 to 5	10.0% off
6 to 10	16.0% off
11 to 15	21.0% off
16 to 20	25.0% off
21 to 30	28.5% off
31 to 40	29.5% off
41 and up	30.0% off

### **Availability of new releases**

Licensees of DRCS Version 1.8.5 for NEXTSTEP are can request updates to DRCS through all versions less than 2.0 directly from SS&S for no additional fee, other than floppy disk charges and our shipping and handling charge for the package. When DRCS Version 2.0 is announced, a version upgrade policy for licensees of DRCS Version 1.8.5 will be announced.

## **Reporting bugs**

DRCS is a constantly evolving product, and we at SS&S are committed to making it better in each release. Please help us to do so by reporting any bugs with DRCS or shortcomings you find in it to us.

Report bugs via email to **DRCS\_bugs@sss.com** or via FAX to **(203) 630-2020**.

Include as much information as possible, especially information which will allow us to reproduce the bug. Use the following form if possible:
