

Alembic Systems International Ltd.
announcing the coming of
RealComm™

- True **Desktop Video TeleConferencing** for:

- the corporate office
- medical conferencing
- schools
- small business

- Use it for *real communications*:

- get the benefit of *real*time visual and audio *comm* at your desktop
- use it for local and remote office communication
- connect departments together across campus or around the globe

- Compatibilities:

- operates on the NextStep operating system
- not restricted to proprietary video algorithms
- communicates with your existing video architecture
- easy as using the telephone (Most cases easier)

Watch for it at NeXTWORLD Expo!
