

SunEdit 2K Ordering Information

Firstly, thanks for downloading SunEdit 2K and as you are reading this file; I assume you are interested in registering your copy. Ok, so what fantastic features do you get in the Professional version? Well, really only one new feature, the ability to turn off the adverts. In future versions there will be other little advantages over the shareware version, but we don't want to cripple the software in any shape or form.

So what's preventing you from not registering SunEdit 2K? In a word, nothing, Except I would say that by registering SunEdit 2K you are supporting the hours of work that goes into making a program like SunEdit 2K. By supporting the authors of SunEdit 2K you are helping to ensure that work continues to go into it to make it even better.

Without your support, there would be no SunEdit 2K.
