Guidance for Kindergarten Teachers

Prepared by the WVDE Office of Early Learning

WV Pre-K Child Assessment System Reporting Support

The West Virginia Pre-K Child Assessment System has been developed through a multi-program collaboration to meet child assessment and reporting needs for programs and families. The following groups have worked together to develop this system:

- WVDE Office of Early Learning
- Head Start State Collaboration Office
- WV Department of Health and Human Resources
- WVDE Office of Special Programs
- WVDE Office of Information Systems
- WVDE Office of Research
- WVDE Office of Title III
- WVDE Office of Healthy Schools
- Early Learning Scale 2011 Trainer Cadres
- WV Pre-K CQI Advisory Council

Looking at the Whole Child

The WV Pre-K Child Assessment System includes, but is not limited to:

- Health Data
- English Language Learner Data
- WV Early Learning Standards Framework Domains
- Early Learning Scale
- Office of Special Education (OSEP) / Early Childhood Outcomes Reporting

The WV Pre-K CAS Kindergarten Transition Report:

The WV Pre-K CAS Kindergarten Transition Report includes data based on

- Children's Health Information
- Outcomes from the 3rd checkpoint of the WV Pre-K CAS
- Percentage of growth from the 1st to the 3rd checkpoint of the WV Pre-K CAS
- Pre-K educator-generated information for the kindergarten educator for individual children
- Children's English Language Learning Data (if applicable)

The WV Pre-K CAS Kindergarten Transition Report:

The WV Pre-K CAS Kindergarten Transition Report is completed by WV Pre-K educators for each child in their classroom.

The intended audience for this report is WV Kindergarten educators.

The WV Pre-K CAS Kindergarten Transition Report:

The WV Pre-K CAS Kindergarten Transition Report is completed during or immediately after the third WV Pre-K CAS checkpoint.

This report is utilized by kindergarten educators immediately prior to and at the beginning of the children's kindergarten school year to provide kindergarten educators with a holistic view of the children in their class who attended Universal Pre-K the previous school year.

The WV Pre-K CAS Kindergarten Transition Report:

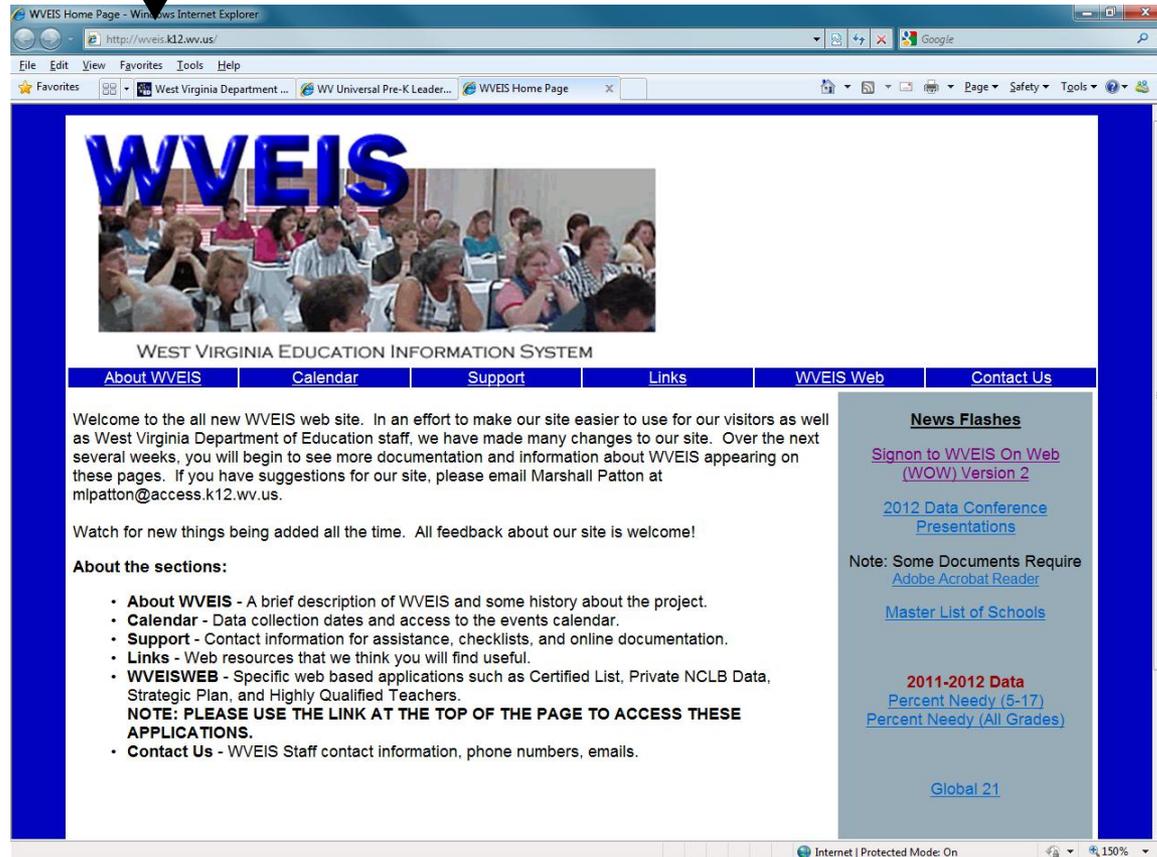

The WV Pre-K CAS Kindergarten Transition Report is necessary to help provide kindergarten educators with a holistic look at the individual development of children who have attended public pre-k during the previous school year.

This report also can assist kindergarten educators by informing planning and instruction, particularly during the initial portion of the kindergarten school year.
