Coverage for your home has been increased by 2.4% to reflect the estimated cost to rebuild your home. This increase is an estimate based on information provided by Marshall & Swift/Boeckh, an independent firm specializing in construction and consumer costs. Your coverage amount may need to be adjusted, higher or lower, based on your home's specific construction details and updates made to your home. It is your responsibility to know and understand the amount of insurance you have purchased. If you believe the renewal coverage limit is not appropriate, please contact your insurance representative who has access to estimating tools that can help you decide the appropriate amount of insurance for your home and process any necessary adjustments.
