

**DAILY BULLETIN NO. 145**  
**Wednesday, April 22nd**

**Some idiot guy's top reasons NOT to live here (kinda funny tho)...**

Have you ever had hot, molten cheese shoot out of a burger patty and scorch the inside of your mouth? It's incredibly painful and it's going to happen to you. People in Minnesota like to put cheese inside their burger patties and then cook them. This keeps all the cheese from dripping off while melting it, but it's still dangerous. Some call this practice decidedly un-America, but in Minnesota they call it a Jucy Lucy.

**Free Candy in Ms J's Room!** Ok, now that I have your attention, I still have gotten NO pictures of the trip from any of the band/choir members from DC. While a slide show entirely of pictures of Ms J and Ms Goulette would be super-fun, I think your parents and you would enjoy it more to actually have pictures of YOU in the slide show. So email or text 2-3 pics RIGHT NOW! (if your teacher will let you). Otherwise, do it between classes, you know, when you're simultaneously walking and playing on your phones!!!! By the way, I don't really have free candy for you. Sorry! Ms J
