

NCSA HyperCard Scientific Animation Package Version 1.0 source code and documentation are in the public domain. Specifically, we give to the public domain all rights for future licensing, resale, and publication.

We ask, but do not require, that the following message be included in all derived works:
Portions developed at the National Center for Supercomputing Applications at the University of Illinois at Urbana-Champaign.

READ ME NOW

If you want to see more software like the NCSA HyperCard Scientific Animation Package, please send us a letter, email or U. S. mail, telling us what you are doing with the package. We need to know: (1) What science you are working on—an abstract of your work would be fine; and (2) How the package has helped you, for example, by increasing your productivity or allowing you to do things you could not do before.

We encourage you to cite the use of the NCSA HyperCard Scientific Animation Package, and any other NCSA software you have used, in your publications. A bibliography of your work would be extremely helpful.

NOTE: This is a new kind of shareware. You share your science and successes with us, and we can get resources to share more software like the NCSA HyperCard Scientific Animation Package with you.
