Ordering

Download the most recent version of KeyStrokes at
http://www.niemconsult.com/KShome.html. After a 15 day trial period you
should either discard KeyStrokes or order it. Note that if your order
KeyStrokes 2 today you will receive all future upgrades to KeyStrokes 2 for
free (e.g., KeyStrokes 2.1, 2.2, 2.3, …).

You can order KeyStrokes through Kagi's order processing services. There are
several ways to place your order. The easiest way is online (at
http://order.kagi.com/?15T), but you can also place orders by email, by fax,
by telephone and by postal mail (each method is discussed in detail below).
Payments are usually made by credit card, by US check drawn on a US bank
or by sending cash (in many different currencies). For details on prices and
how to order see KeyStrokes help (Help menu) or the KeyStrokes Manual.
Note that there are discounts for multiple copies and that educational and
site licenses are also available.

After your order has been processed

After your order has been processed you will receive an activation code that
is valid for 3 weeks. During this period a permanent license code file is
prepared, which you will receive by e-mail. Registered users will be kept
informed of updates by e-mail.

To activate KeyStrokes please paste or type your activation code in the
activation code field of the Registration dialog of the KeyStrokes application
(choose Registration… from the File menu). Enter your name in the name
field of that same dialog. Press the Activate button to complete activation.

Once you receive your permanent license code file you simply double click
on it and the registration will be completed.

In case of problems do not hesitate to e-mail support@niemconsult.com.
