Standard weapons:

- 4 seeker launchers + 80 seeker drones

- 3 alien fighters

- 1 heavy fusion beam

My opinion/Computer controled: This heavy duty ship isn't as tough as it looks. It rarely launches its seeker drones at close range and its poor turning rate enables you to fly around the ship while firing away without even being scratched. Since it is impossible for you to fly in one of these (or have one as escort), as well as the alien fighter, if you are I have three words for you: get a life. Stop cheating :-)
