

## Map Ratings

By PforSlayer, FrogBen, Multiades1, and Ryoga Pig

Every month, the DMMC will rate each and every map that we produce and any and all other maps that we come across. Quite a job, but still a fun one!

We rate maps on a 5 BOB scale. Most magazines use stars, and IMG uses joysticks, but we use dead BOBS. It's more original and more fun :)

-5 BOBS:

Comparable with Bungie

-4 BOBS: Great Map, no

bugs.

-3 BOBS: Some bugs, decent map.

-2 BOBS: Lots of bugs, prone to crashes, mediocre map.

-1 BOB: Horrible. Small, buggy, unoriginal and no fun.
