List of Examples

Example 4-1 The list Legend 45
Example 4-2 Sample list Display of Distribution Software 46
Example 4-3 Sample list Display of Target Software 46
Example 4-4 Sample list Display of Patches 48
Example 4-5 Sample Disk Space Summary 49
Example 4-6 Multiple Arguments to the install, remove, and keep Commands 51
Example 4-7 List of Subsystems Selected for Installation 53
Example 4-8 Successful Installation Messages 53
Example 4-9 Sample Conflicts Message 54
Example 4-10 Sample Entry to Resolve Conflicts 55
Example 4-11 Sample Error in Pre-Installation Processing 55
Example 4-12 Sample Error in Installation Processing 56
Example 4-13 Sample Error in Exit Operations 56
Example 4-14 Conflicts Message When Quitting Inst 57
Example 4-15 Quit Prompt With the Reboot Message 58
Example 4-16 Notice of Configuration File Changes 63
Example 4-17 Listing of Changed Configuration Files 64
Example 5-1 A list Display From the Target View 67
Example 5-2 A step Display From the Distribution View 68
Example 5-3 Effects of Using View Filters 69
Example 5-4 Effects of level on a list Display 69
Example 5-5 Effects of sort on a list Display 70
Example 5-6 Displaying Individual Filesystems 71
Example 5-7 Changing Column Order in list Displays 72
Example 5-8 Sample files Display 75
Example 5-9 Sample Selections File 79

Example 6-1 Sample of a Non-Interactive Installation 85
Example 6-2 Commands With Product and Image Arguments 87
Example 6-3 Sample Product, Image, and Subsystem Names 88
Example 6-4 A step Command Display 91
Example 8-1 Sample inst.init Script 108
Example 8-2 Sample *.swmgrrc* File 116
