## Playing the Game

## **Object**

The object of *Hex Trap* is to quickly find all of the traps without uncovering them.

### Starting a new game

On the Game menu, click New Game or click on the **Play** button to clear the playing area. Click any hex to start the timer and begin playing.

### **Uncovering hexes**

To uncover a hex, use the left mouse button to click it. If it is a traps, you lose points (see **Scoring**). If a number appears on the hex, it specifies how many traps are in the six hexes that surround the numbered hex.

## Marking hexes

To mark a hex you suspect contains a trap, use the right mouse button to click it.

# **Scoring**

You receive 20 points for every hex that you uncover that is not a trap. You lose one point for every second that it takes to complete the game. In *Anti-Hex Trap*, you receive 15 points for every trap that you uncover.
