

MIDI MusicShop Pro

This group window contains the MPC MIDI Player and icons for three programs which run under Windows:

- Pianist
- PowerTracks
- Band-in-a-Box

You can choose which of these programs you would like to install. With the exception of Band-in-a-Box, the programs run from the CD.

To install Pianist to your hard drive, run INSTALL.EXE in the \I_PIAN directory of the CD.
To install PowerTracks to your hard drive, run INSTALL.EXE in the \I_PT directory of the CD.

In MIDI on the CD there are two directories, BASE and EXTENDED. When you use the MPC MIDI Player to play the files, select files that match the MIDI Mapper settings in your Control Panel.

The following is a list of MIDI files included on the disc:
