# Practical Compendium

## Aims:

- Identify, promote and share examples of good practice in the practical component of undergraduate bioscience courses
- Provide an on-line collection of tried and tested practicals, student handouts and practical-related materials; contributed by UK academics
- For all staff who deliver and support practical work

<http://bio.ltsn.ac.uk/>

# Contributions

- Currently contains only a handful of practicals
- 40+ practicals earmarked for submission
- 1 from every bioscience department = significant bank of resources
- Examples involving PTS?
- Contribution form on website
