

Going Forward: Challenges & Successes

Challenges

- Buy in from SMT/Dept heads to provide direction/investment, have champions
- Linked to the above – provision of training
- Technology – remove barriers within current systems – e.g. facilitate on-line handling of scripts etc.
- Raise awareness/dispel fears
- Time

Successes

- Lead by example/show success stories – esp in terms of improved learning & engagement / reduced time input – non-threatening
- Provide training/specialist support
- Link uptake to formal procedures – e.g. PGCert HE or annual/periodic review.

Where Now?

Talk to the person next to you, identify :

1. One technology/approach you have heard about today (or elsewhere) and want to take forward
2. Discuss how you might do this
3. Share key ideas...
