bioscience

Group Activity

What I'd like you to do is
line up in order of the distance you
were born from here

'Speed dating'

- Make 2 circles: No 1s an inner circle; No 2s an outer circle
- You should be facing someone

-
- I'm going to ask a question, you discuss that for a few minutes and then stop when you hear the whistle or I put my hands on my head. Outer circle move round in a clockwise direction one place

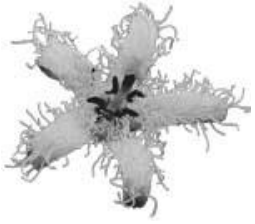

**The
Higher
Education
Academy**

UK CENTRE FOR

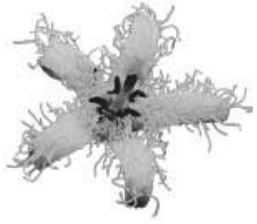

bioscience

Group Discussion

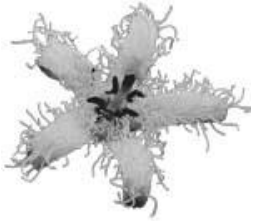

- Please briefly describe to the group
 - Who you are and where you study
 - Staff/student committee set up
 - (how often meet, numbers, format)
 - Major item you brought for discussion (and any conclusion/decision)

UK CENTRE FOR

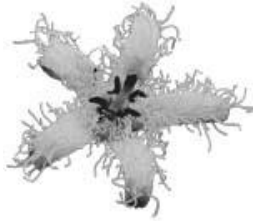

bioscience

Themed discussion

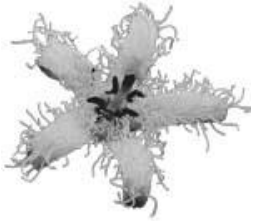

- Practical work
- Feedback
- Assessment
