About Me

- Final year student at Leeds University reading Pharmacology.
- DMPK – GlaxoSmithKline.
- Why did I do a placement?
 - Money
 - Experience
 - Didn't know what I wanted to do

Application Process

- No university procedure, used initiative
- Followed specific company procedures for Pfizer, AZ, GSK.
- Sent CV to smaller companies.
- Attended interviews at AZ and GSK.
- Accepting placements – university differences.

Expectations & Worries

- Didn't know what to expect!
- Worries:
 - What would they expect of me?
 - Would I know enough?
 - Would I be able to do the work?
 - What if I don't get on with my boss?
 - Accommodation/housemates
 - What if I break something expensive!?

Beginning My Placement

- Boredom – couldn't touch anything until I had done the right training courses
- Awkward – felt like I should be doing something
- Only one other student to compare with
- Eventually settled into work
- Steep learning curve

Contact From University

- Minimal.
- Tutor visit after ~ 3 months.
- E-mails to me and my supervisor regularly to check up.
- Mainly us contacting them to ask about reports, choosing 3rd year modules etc.
- Had plenty of people we could contact if there were any problems.

Assessment & Debrief

- 6000 word report
- Work placement file
- Short presentation

- Debrief from university careers centre
