

The Higher Education Academy Opportunities

The Higher Education Academy (HEA) is developing a new and ambitious strategy to support higher education institutions in their work to improve learning and teaching.

To deliver this work, the HEA has created a range of exciting opportunities for innovative and inspirational individuals to work with us as core staff and as Academic Associates.

Staff roles - closing date 17 May 2011

There is a range of roles available, all of which can be offered on a permanent, secondment, full-time or fractional basis.

Visit the vacancies page of our website for more information.

Academic Associate roles - no closing date

We are also building a community of academic associates to work as consultants providing additional expertise, advice and support in a range of areas.

Visit the Associates page of our website for more information on how to express your interest.
