

CARPATHO-RUSYN SOCIETY

Dear C-RS Member:

As you are aware the Carpatho-Rusyn Cultural and Educational Center in Munhall, Pennsylvania is one of the prized possessions of the C-RS Society. We are currently upgrading and renovating the building so that it may be used in various capacities by our members as well as other interested parties. In the near future we plan to use the center as a venue for Rusyn events and as interactive historical experience for Rusyns and non-Rusyns. We will also offer its use to outside groups as a means of raising funds for the building's maintenance

In order to bring this vision to a reality, we need your help. If you have any technical or non technical skills we would like to know what they may be as well as whether or not you may be able to devote some of your time and/or skills to help bring the cathedral closer to this vision.

Would you please complete the attached questionnaire and return it to:

Sincerely,
