

TO ALL ON EARTH

(For Joy and Peace at The Holiday Season)

Let us all pray that Christmas brings a joy
That'll carry us into the coming year –
An ecstasy to foil things which annoy,
Leaving us peace, as sorrows disappear.
Let us all hope God's Angels will employ
His grandest benedictions everywhere.

Let's pray those sweet Angelic voices bring
To all on earth, no matter where they are,
A kindred joy ... and as our voices sing
Of peace on earth, let each voice travel far
Into the heavenly vales where God is King –
Let's all sing joyful praise towards His star!

Let every soul abiding here on earth
Acknowledge God's true kinship, end to end,
While we rejoice to celebrate His birth –
Let's all participate, O Lord, as friend,
Fully aware that there has been a dearth
Of love and peace, and attitudes that mend.

To all on earth, O God, bring joy and peace –
And in all coming years, let both increase.

Sincerely, from Ronald
