

description

CHARACTER
(character direction)

dialog

CAMERA

SCENE

Instructions: Simply change styles to choose different formats (i.e. character name, dialog, direction, description, camera directions, or scene number). Styles can be changed by clicking on the arrow on the styles box and scrolling down to the desired style. The "dialog" style will automatically follow the "character" style (convenient, huh?).

If you're truly pleased with this little template, you could send me a \$5.00 shareware fee. My address is....

David Tobocman
4860 Van Noord Ave. apt. 2
Sherman Oaks, CA 91423

Happy scripting! If you have any suggestions, e-mail me. I'm
