

## WHY SHOULD YOU REGISTER?

### DEFINITION OF SHAREWARE

Shareware distribution gives users a chance to try software before buying it. If you try a Shareware program and continue using it, you are expected to register.

This is a shareware version of TOMONITOR. It is limited to operation for 30 days after its first use, and then it will require reloading, and THE BLANK DATA REINSTALLED.

Upon registration, we will send you by mail the latest version of the software, and a comprehensive printed operation manual. We will give you a code to key into your program which will allow you to use the TIMECLOCK, ACCOUNTS, MAGSTRIP and other features and will allow you to use the program with no time restriction. It will also remove the Shareware message on startup.

You will receive 30 days of free telephone support from date of first use at 905-388-9624.

WHEN YOU REGISTER A SECOND COPY of the program for the same company at the same address on the same computer system you will receive a site license for up to 10 stations, and a code to key into the program allowing full LAN network functionality. You may also purchase the DROFFICE software, that will allow you to do day-end closing from the office semi-automatically.

### SUPPORT AND SERVICES:

While you are evaluating the shareware product, you may receive 30 days of free telephone support at 905-388-9624. You must pay for the telephone call. You may also send questions and problems to CompuServe - 71426,1503, or email via the Internet to agorman@netaccess.on.ca .

Check our WWW web page for the latest version, utilities, and manuals and other useful information. The address is:

<http://netaccess.on.ca/~agorman> (Note the "~" !)

When the product has been registered, you may receive support by telephone/modem (which we recommend for larger users), and you have access to our services:

Installation of the menus and modifiers	\$ 100
Installation of the server list, payment types, etc.	50
DROFFICE.EXE - Office close software	100
