Border Crossing Information

United States Citizens Visiting Canada

Native-born United States citizens need proof of citizenship to enter Canada. They should carry identifying papers, either a passport or a certified copy of their birth certificate plus a photo ID to show proof of their U.S. citizenship at the port of entry. Naturalized citizens must carry their naturalization certificate. Aliens who reside in the United States must have their Alien Registration Receipt Card.

Automobiles will be admitted for touring in Canada without payment of any duty or fee for any period up to 12 months. Vehicle Registration Cards should be carried. Any necessary permits are issued at any port of entry.

Returning motorists must report for inspection. Each U.S. resident, after 48 hours, may bring back articles for personal use valued up to \$400.00 free of duty, provided same has not been claimed in the preceding 30 days.

Border Crossing Information

[United States Citizens Visiting Canada](#)

[United States Citizens Visiting Mexico](#)

You will need proof of citizenship to enter Mexico. Native-born U.S. citizens will need either a U.S. passport or a certified birth certificate plus a photo ID. Naturalized citizens should carry their naturalization certificate to ensure entry into Mexico and re-entry into the United States. Plant and animal products are carefully regulated whether going into or coming out of Mexico.

Tourist cards are valid for any period up to six months, are free of charge, and are required for all persons, regardless of age, to visit the interior of Mexico. Cards may be obtained from Mexican border authorities, Consuls of Mexico, or Federal Delegates in major cities.

Obtain a \$12 automobile permit (pay with Master Card, or Visa credit card only), good for six months, from the Mexican Customs Office at the border; hold and surrender when leaving Mexico. Carry proof of car ownership (the current registration or a letter of authorization from the finance or leasing company). Permits must also be obtained for trailers and boats. Auto insurance policies, other than Mexican, are not valid in Mexico. A short-term liability policy is obtainable at the border.

Each returning U.S. resident may bring back articles for personal use valued at up to \$400.00 free of duty.

 [Canadian Citizens Visiting the United States](#)

Canadian nationals are not required to present passports or visas to visit for a period of six months or less, except when arriving from a visit outside of the Western Hemisphere. However, such persons should carry evidence of their citizenship. Visitors entering for a period of more than six months and less than one year are required to furnish their valid passports.

Further information can be obtained from the nearest United States or Canadian immigration office in the U.S., Canada, or a port of entry.

Travel Checklist

Car Care Checklist.

To help assure a safe and trouble-free trip, the following items should be checked by an auto mechanic.

- Get a thorough tune-up
 - Have brakes checked, and replace brake fluid if necessary
 - Check transmission, radiator, power steering, and windshield-washer fluid levels
 - Check oil level
 - Check tire pressure, and inspect the tires for signs of wear
 - Check belts for worn or frayed areas
 - Check hoses for bulges or spongy feel; check hose clamps to be sure they are securely attached
 - Check air and oil filters and change if necessary
 - Check windshield wiper blades and replace if worn
-  Check all lights, interior and exterior. Don't forget brake lights, turn signals, and flashers

Ask a neighbor or friend to take in your newspaper, mail, and other deliveries, or discontinue them while you're away

If you'll be away longer than a week, arrange to have the lawn mowed at regular intervals in summer, leaves raked in fall, and snow shoveled in winter

Arrange for care of houseplants

If you plan to take pets with you, be sure they will be accepted where you plan to stay; otherwise, arrange for their care at home or at a kennel

Be sure insurance policies for auto, fire, and health are up to date

Store your valuables

Disconnect electrical appliances, such as a toaster, computer, television set, etc.

Remove perishable foods from refrigerator

Turn air-conditioning and/or heating units to energy-saving levels

Connect lights to automatic timers and set them to turn lights on and off in the evening at the time you normally would turn them on and off

Leave window shades and draperies in their usual positions, but do not close them all the way on the street side of the house

Lock all doors and windows including those in the basement, attic, and garage

Leave house key and itinerary with a neighbor, friend, or relative. Be sure someone knows the location of your fuse box, thermostat, and burglar alarm (if you have one)

You may also wish to ask a neighbor to keep an eye on your house
