National Symbols Program

This site is a work in progress. Check back often as we work to fully activate it.

Welcome Page

Interagency partners working together for excellence in fire prevention and conservation education across the nation.

	<p>It's HERE...the National Symbols Catalog of exciting tools and idea generating products.</p>	<p>KIDS</p>	<p>Quickly go to Woodsy Owl and Smokey Bear Kids Corner at this site.</p>

Who we are

The **National Symbols Program** is a partnership between USDA Forest Service and the National Association of State Foresters to manage the Smokey Bear, Woody Owl and the Junior Forest Ranger programs.

Who We Serve

The National Symbols Program web site provides tools and information to program managers and educators working in fire prevention and conservation education. Local offices found under our [Resources Page](#) can best help you with information on Symbols programs in your area.

What we do

The National Symbols Program is part of the USDA Forest Service Conservation Education Staff, and coordinates Symbols public service announcements, development of educational activities, program monitoring and evaluation, policy and legal compliance, product development and distribution, and commercial licensing.

The National Symbols Program includes other program components:

-  awards
-  training
-  image and appearance
-  partnerships
-  special events
-  fulfillment programs
-  national initiatives

Customer Service is our #1 Priority - Here is our Pledge to you.
